We are pleased to announce SFCU will soon be issuing EMV Chip Debit Cards to all our current MasterCard Debit Card Holders. We will begin issuing cards September 5th and the process will be completed by early November. You will be issued a new number and new PIN. After you receive your new card, you will need to call the number on the sticker on the front of the card to activate it. You will then have ten days to update your information with any business/merchants you have your card number to for recurring payments before your old card is deactivated. If you have any problems after you receive your new card, please call the credit union. 989-684-1730 or 800-589-1079
